

## Super Ball 2023 **ACCOMODATION**

After 3 great years at the Clarion Congress Hotel, we are moving Super Ball across the city to a different part of Prague.

Our official accommodation for the 2023 edition of Super Ball is the **Comfort Hotel Prague city East** – (un)fortunately, the Covid era and the lack of tourism are part of the past, so hotels got much more expensive this year. We have managed to push the price down for us during the whole week, however, and have the whole hotel just for Super Ball participants.

This year's hotel features a gym, a terrace, a game room, a business centre, a laundry room, conference rooms (which will be used for late-night training sessions) and a 24/7 reception where you can even get small snacks.

In the surroundings of the hotel, there are mini markets, restaurants, bars and a constant connection to the Prague city centre via the Strašnická metro station.

Type	Price per person per day	Available rooms
Single	€ 83	50
Twin	€ 47	130
Triple	€ 38	30

*\*Prices include continental breakfast, wellness and gym access*

## HOW DO I BOOK MY BED?

The **Comfort Hotel Prague city East** has limited space, so make sure that you book your spot as much time in advance as possible. As soon as the place is full, **we won't be able to guarantee that there will be space elsewhere**. That said, this hotel is also close to our former accommodation at Slavia Hotel, so you can try your luck there. We advise you to do the registration and payment in advance to avoid not having a place for yourself.

The registration process, just as last year, will be executed through the **GameDay page** of the event, the link to which will be made available on the official WFFA and Super Ball channels. During the signup process, you will be able to select whether you are a **guest or a participant**, and then choose the number of nights and kind of room you want to book. If you want to stay in a room with your friends, please let us know who they are in the Preferred Roommate section.

As soon as you choose the number of nights and finish the registration form, you will find the **payment platform**. The total sum to be paid there will include both registration and accommodation. You will be asked to pay right after you register in order to book your room properly.

**IMPORTANT NOTE: It is NOT possible to place 2 or 3 people in the same room if they have different arrival and departure dates. In order to stay together, all guests in each room must come and leave on the same day.**
